-Cabinets are Ready To Assemble Natural Wood Shaker, Panels, fillers, and moldings must be trimmed to fit during installation.

-The design package is based on measurements provided by the customer.

-Please verify all dimensions in the design before placing an order.

-While your designer reviews the quote and design, it is ultimately the customer's responsibility to ensure all items in the design are reflected in the quote.

Rendering colors are not an exact representation of the actual finish. We strongly recommend purchasing door samples to confirm color selection.

Backordered items may incur additional shipping charges if the order cannot be shipped in full.

Backordered items are subject to extended lead times and may not align with the timeline of currently available pieces.

If the quote and design were received during a promotional period, the sale price is only valid for the duration of that sale

-Wall lengths and window placements are based on the measurements provided. Please verify for accuracy.

Panels, fillers, and moldings must be trimmed to fit during installation.

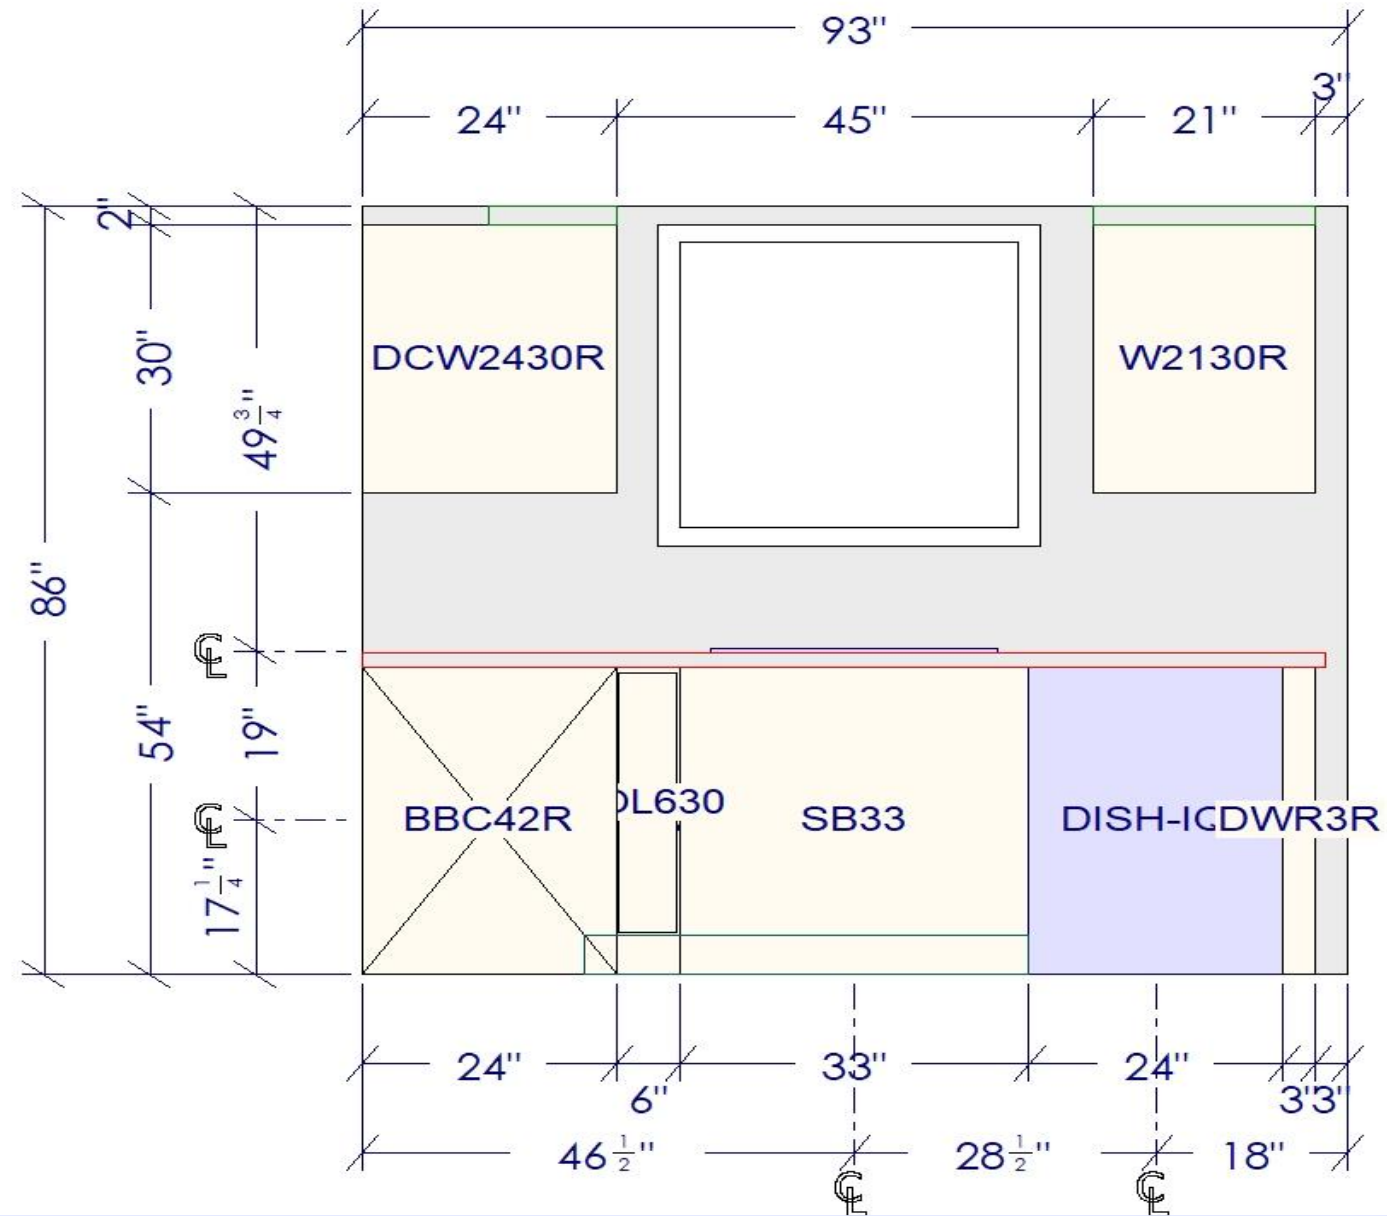

Ceiling height is assumed to be 86"H. Please confirm this measurement.

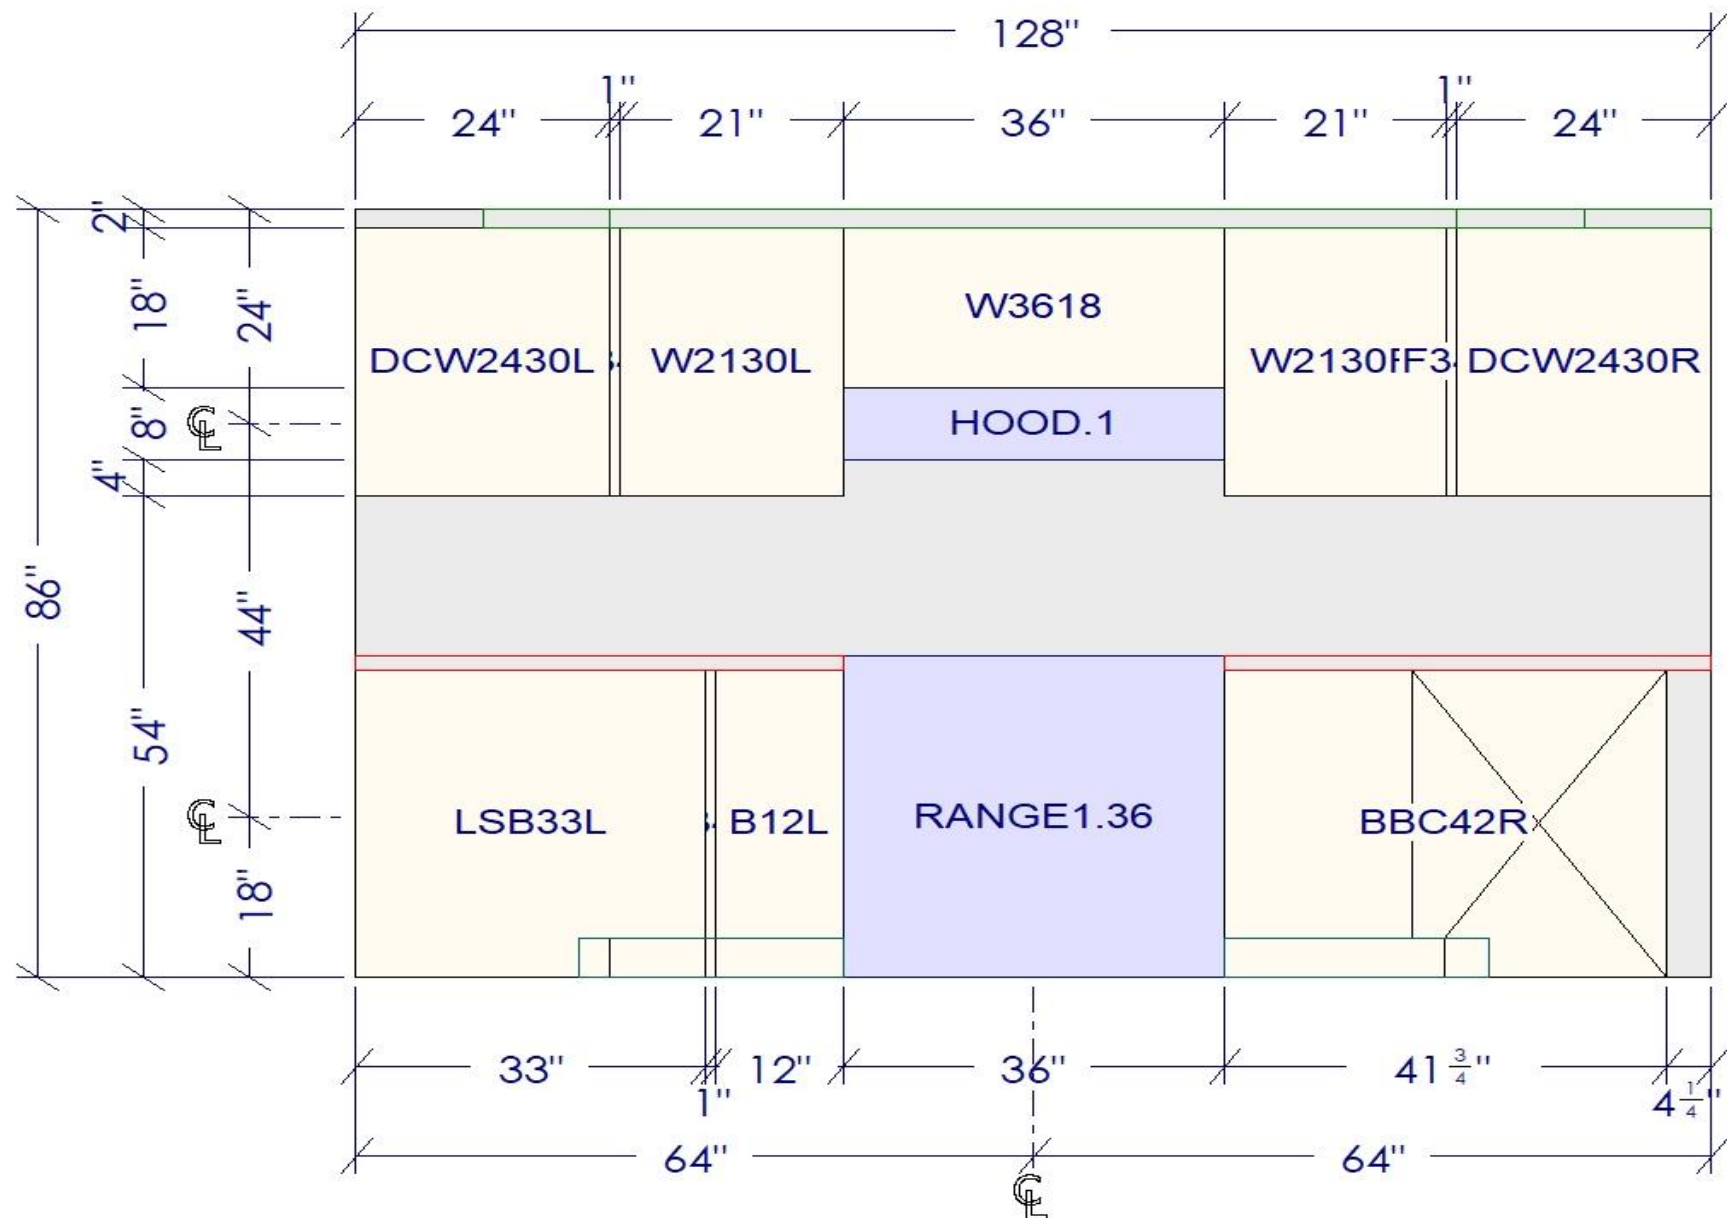

If your selection is part of our Ready-to-Assemble 3-Day Quick Ship program (see website for details), the order will be packed and shipped within 3 business days with no changes allowed once submitted. Any modifications (additions, removals, etc.) will cancel the 3-day timeline.

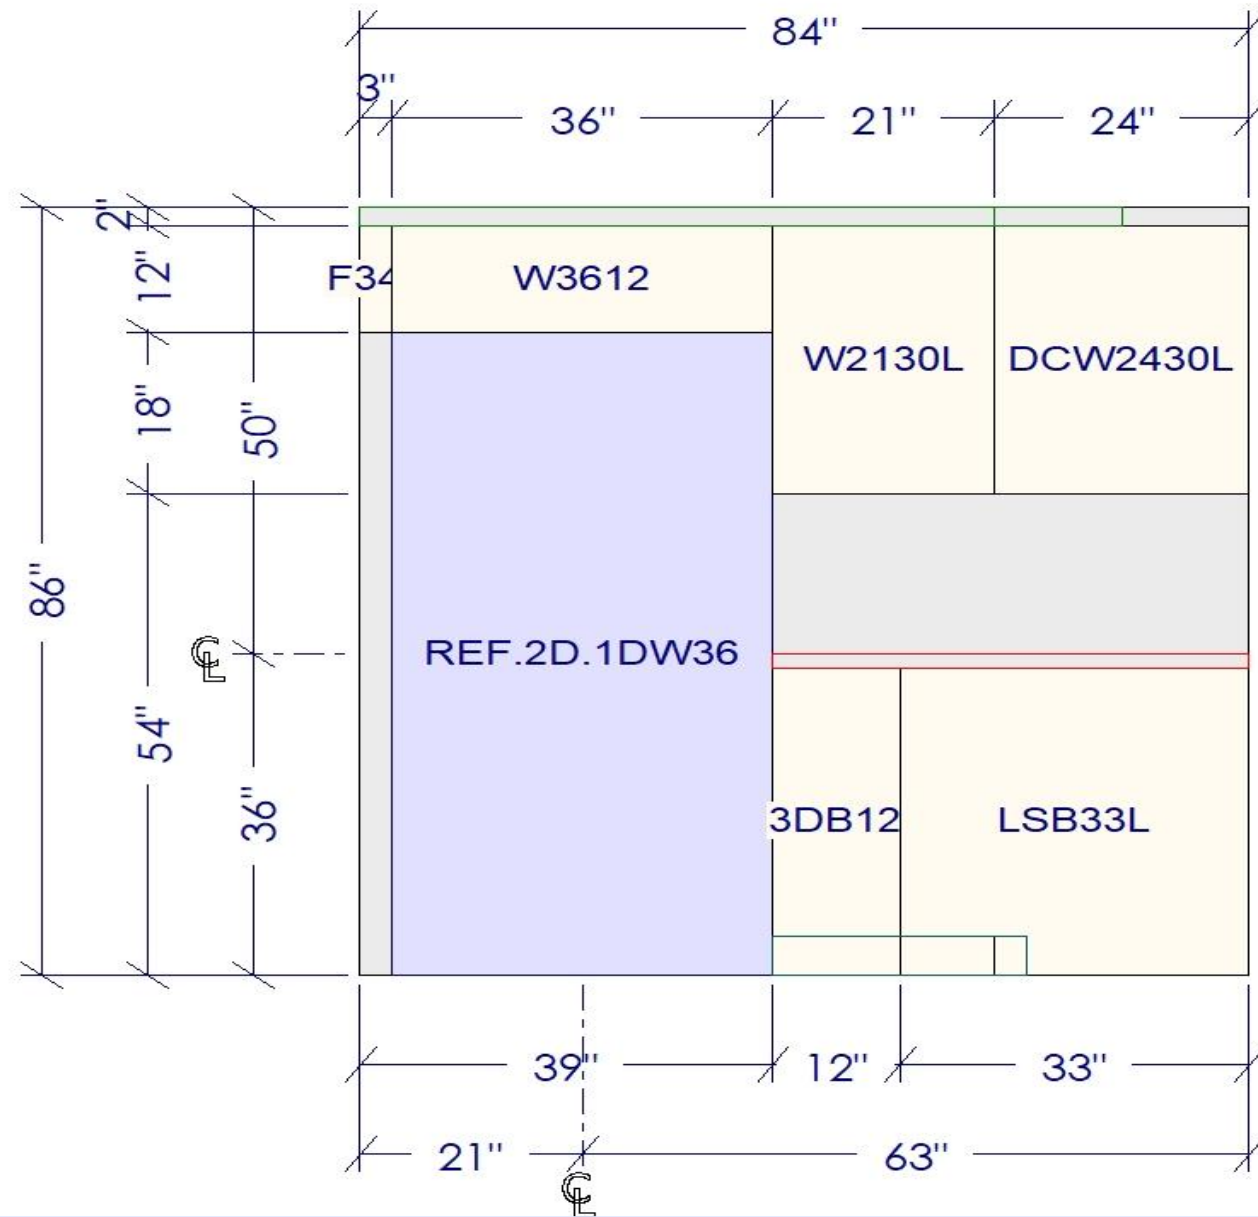

-Shoe molding and scribe molding are optional. Let us know if you'd like these added to your cart

-If your design includes cabinets with glass inserts, please note that the glass is not included unless specifically stated. Glass can be sourced quickly and affordably through a local glassmaker.

Any required modifications must be completed on-site at the customer's expense unless explicitly noted as being handled by Wholesale Cabinets.
